

Date	Task	Who	Affirmations: Reg had it running on September 13th, Gabriela had it running on September 15th, Matt/Desh/Josh had it on the 17th				
	<b>Project Part 1</b>						
9/13	Min-term formulas completed	Reg					
9/15	Min-term formulas completed	Desh, Matt, Gabriela, Josh					
9/15	Completed Cohort PDF	Desh, Matt, Gabriela, Josh					
9/16	Compiled everyone's equations & running code	Reg					
9/17	Everyone has running code	Reg, Matt, Desh, Gabriela, Josh					
	<b>Project Part 2</b>						
10/8	Started working on circuit diagram	Desh					
10/9	Started working on division module	Reg					
10/9	Finished Multiplication module	Matt					
10/11	Circuit diagram completed	Desh					
10/11	Modulo module completed	Josh					
10/11	Division module completed	Reg					
10/12	Multiplexor and Decoder completed	Josh					
10/13	Adder and Subtractor module in progress	Josh and Gabriela					
10/13	Code completed and combined	Josh, Matt, Desh, Reg and Gabriela					
	<b>Project Part 3</b>						
10/28	Updated the project documents and worked on logic m	Reg					
10/28	Started working on combining code	Gabriela and Josh					
10/28	Started working on circuit diagram	Desh					
10/29	Finished state Diagram and reduced diagram	Reg					
10/29	Finished state diagram table and reduced table	Matthew					
10/30	Update circuit diagram	Desh					
10/30	Continuing work combining code and adding clock	Gabriela					
10/31	Tweak and finished circuit diagram	Desh					
10/31	Finish combining code	Gabriela, Reg, Josh					
	<b>Project Part 4</b>						
11/16	Met up and discussed Part 4	Matt, Desh, Josh, Reg					
11/16	Updated and Reviewed System Design	Reg					
11/17	Started workin on implementing new code	Reg					
11/18	Completed additional capabilities of ALU in code	Josh					
11/18	Continued working on State Machines	Reg					
11/19	Started implementing circuit diagram	Desh					
11/20	Continued coding	Josh					
11/21	Finished new state machine tables	Matt					
11/21	Finished implementing circuit diagram with tweaks	Desh					
11/21	Updated/Reviewed Log and system design	Matt, Gabriela, Desh, Josh, Reg					
11/21	Finished Code	Josh					
11/21	Tested code	Josh, Matt, Desh					
11/21	Met up and discussed final product	Matt, Gabriela, Desh, Josh, Reg
